

FSC-Certified Papers

The Forest Stewardship Council (FSC) is an international certification and labeling system for products that come from responsibly managed forests, and verified recycled sources. Under FSC certification, forests are certified against a set of strict environmental and social standards, and fibre from certified forests is tracked all the way to the consumer through the chain of custody certification system. This means forests, pulp providers, mills, merchants and printers must all obtain FSC certification in order for a product to carry the FSC logo or label.

The following is a list of FSC-certified papers available in North America. Please note that for some papers, you must specify to the paper merchant that you would like to purchase the FSC-certified grade since there may be both a certified and non-certified version of the same paper. Only companies that are FSC Chain of Custody certified are allowed to place the FSC label on a certified product.

NOTE: This list is for reference purposes only. Even if a product is listed on this site, you must verify that it meets FSC Chain of Custody (FSC-STD-40-004 v2) requirements. www.fscscanada.org/chainofcustody.htm

Can't find the paper you are looking for?

Take a look at our website for new FSC-certified papers that are in the process of being added to our list, www.fscscanada.org/FSCpaper.htm
There are papers that do not appear on either of these lists. You must verify your paper meets FSC Chain of Custody (FSC-STD-40-004 v2) requirements www.fscscanada.org/chainofcustody.htm

Having trouble searching through this list?

Do a quick search through this document by pressing Ctrl + F and enter the name of the paper you are looking for. A similar list is also available on the FSC Canada website: www.fscscanada.org/FSCpaper.htm

FSC-Certified US Merchant

Some papers listed below are only available in the USA. For a complete list of FSC-certified US Merchants visit www.fscus.org/paper
